

Toul American High School

G'day mates,

So far, we have 45 Toulers who are very interested and pretty much committed to Reno 2026. Eleven of us have reserved our rooms, 28 plan to take the Tahoe Cruise, and 15 plan to use the contracted transportation to and from the Lake.

We have contracts for Lodging, Food, and the Tahoe Cruise, and changes to any of these are easy adjustments. Our loose end and challenge is transportation to and from the Tahoe Cruise. We are looking at a few options to include limos, a 23 pac bus, and a few others. Needless to say, the key to keeping our cost down is to contract for what we need, no more or less. We have flexibility on the other contracts but not so much on transportation. We have contacted many companies and believe our cost will be about \$60 per person

Please give me your best guess whether you plan to Cruise and wish to have trans by 28 Feb. Then we will contract trans

and provide cost. We will provide another update with all final costs, and suspense dates in early March. We have provided most or that already, but this will be a final summary to further facilitate your planning.

Jamie has designed an awesome logo for t-shirts. That info also follows in mid Feb.

Thanks again to David for posting on the TAHS Website and Facebook.

Email me at: rookbaltzell@comcast.net or call me at (530) 432-9362 (land line) or (530) 277-8547 (cell) with any questions.

Love you guys and looking forward to seeing you in three months.

Bill
